BENEFITS OF PURCHASING A SAGE RIDGE SCHOOL LAPTOP

SUPPORT

All software and hardware support is included. Sage Ridge School takes care of all logistics related to repairs. Sage Ridge School support is not available to students who matriculate.

LOANERS

Loaner systems are comparable to the laptop offering and are available on a first come first served basis. All loaner fees are included in the system price for three, or optionally four, successive academic years. Loaners are not available during the summer break or to students who matriculate.

WARRANTY

All student owned laptop program systems are covered for at least three years from the date SRS takes delivery and include accidental damage protection with no deductible. This warranty includes all fees associated with repair including pick-up and delivery of system from SRS. If a student matriculates within the warranty term the manufacturer warranty will stay in force without any support from the Sage Ridge School Technology Department. ***This warranty does not include theft or loss.*** Theft insurance for \$40 per year (\$100 deductible). All incidents of breakage FOR SRS OWNED SYSTEMS (i.e. 5th grade, loaner, and rental laptops) will be assessed a minimum \$250.00 damage fee in addition to any repair fees not covered under warranty. Determination of accident is by Director of Technology.

SAGE RIDGE SCHOOL CAMPUS SOFTWARE PACKAGE

All Microsoft software comes with annual upgrades, when available, for three years. Availability of those upgrades is determined by the sole discretion of the Sage Ridge School Technology Department. All software must be uninstalled if the student matriculates or purchased at an additional cost. This buy-out amount is subject to change.

IF YOU CHOOSE TO NOT PURCHASE THROUGH THE SRS LAPTOP PROGRAM:

- You will be charged \$300.00 to buy into the SRS Software Package. This includes MS version upgrades for 3 years.
- You will be charged for all network configuration and system set-up of the laptop. This is typically 2-3 hours at \$75.00 per hour. The cost is usually \$150 – 225.00. **This cost can be higher with “Home” editions of Windows.**
- You will not receive free loaners (when needed). You may rent a loaner at \$10/day while your computer is being repaired.
- You will take care of all repairs required for your student’s laptop in a timely fashion.
- All school support will be billed at the rate of \$75.00 / hr.

RENTALS

Rental laptops are available for SRS students on financial assistance. The system is not available for purchase and ownership is retained by Sage Ridge School. All rentals are for the academic year, remainder of the academic year, or for three months, which ever is greatest. Rentals may or may not be current year systems. An additional rental agreement form will be filled out when you pick up your rental. Families receiving financial assistance will have a rate of \$75.00/month.

IF YOU ARE PLANNING ON RENTING A SYSTEM, PLEASE CONTACT THE BUSINESS OFFICE. A NON-REFUNDABLE DEPOSIT OF \$150.00 WILL BE REQUIRED BY THE JUNE 17, 2011 DEADLINE. THIS DEPOSIT WILL BE APPLIED TO THE LAST PAYMENTS OF THE ACADEMIC YEAR. ***RENTAL REQUESTS MADE BY RETURNING FAMILIES AFTER THIS DEADLINE WILL BE ASSESSED A \$75.00 ADMINISTRATIVE FEE.***

ENDING SUPPORT FOR AGING SRS LAPTOPS: As we have done in previous years we are ending support of the 2008 - 2009 Laptop Specifications. These units are now three years old and their 3-year warranty has expired. They are experiencing increased problems and the current software load is either incapable of running on them or slows it to the point of not being usable. **If the 4th year ThinkPad warranty extension was purchased, we will continue support until May 2012.**

HOW TO ORDER: Go online to LaptopSchools.com and select Sage Ridge School, or complete the enclosed order form and submit by June 17. Written forms may be submitted to either SRS or LaptopSchools.com.

Submit payment by check, money order, or credit card to LaptopSchools.com by June 17, 2011.

Sage Ridge School reserves the right to change any component of the Laptop Specifications or the Laptop Program itself without prior written notification. All efforts will be made to secure the best possible configuration right up to the last minute before they are purchased.
