Dear Fifth Grade Parents,

Sage Ridge School's Outdoor Education Week is September 13 through September 17, 2010. The entire student body and faculty will be participating on grade level trips. Regular classes will not be held. You may pick up your child at 3:15 on Friday, September 17. The Outdoor Education Trip Informational Meeting for parents is scheduled for Thursday, September 2, 2010 at 6:00 p.m. at Sage Ridge School. This is an important meeting for parents to attend. The faculty members for each trip will be present to answer any questions and to provide essential trip information. Please mark your calendars.

The 5th grade will travel to Grizzly Creek Ranch in the sierra mountains near Portola California requiring approximately 90 minutes of drive time from campus. We will employ the services of Sierra Nevada Journeys, a local and well-established outdoor education organization. Their staff, naturalists, organization and curriculum make this an exceptional experience for our students. Students will sleep in modern bunkhouses by gender with 24 hour adult supervision. Sage Ridge School faculty will join each of the trail groups and be a part of all the activities throughout the week. Students will depart Sage Ridge School at 8:30 a.m. Monday, September 13 and travel to Grizzly Creek Ranch by chartered bus. Students will return to Sage Ridge by 3:15 p.m. Friday, September 17. Please supply your child on the departure day with a drink and snack for the bus ride. Lunch on Monday and Friday will be provided.

Please find attached the required forms to be completed by you on behalf of your child and returned to Mrs. Stephens, Divisional Assistant, no later than Friday, August 27. Please do not hesitate to call or email me about this trip over the summer.

Sincerely,

An Overview of the Week

“I never knew learning could be this much fun!” This sentiment, from a former participating student, is frequently echoed at Sierra Nevada Journeys-Journeys Outdoor School. Our educational journey framework helps to put each student in the “educational driver’s seat”; we commit to making sure learning is hands-on and experiential, inquiry-based (ideas are actively drawn-out instead of passively received), and addresses a students’ various intelligences. Students will be staying in cabins (single-sex) over the course of the program, with access to indoor bathrooms complete with showers and flushing toilets, which are supervised by cabin leaders. The cabin leaders are parents of the students. During the day students travel and learn in their trail groups. Sierra Nevada Journeys staff members are outstanding and passionate outdoor educators who teach the students during their journey of self-discovery and learning over the course of the week. The week’s activities are incredibly educational and fun! Groups will be spending most of our time outdoors learning about the local ecology as well as exploring a wide variety of curriculum! Evenings are dedicated to astronomy, night hikes, camp fire, and other activities. A Typical Day at Journeys Outdoor School

7am Wake-up, 8am Breakfast, 9-12 Classes in field, 12-1pm Trail Lunch, 1pm-4:30pm Classes in field, 4:30-5:25pm Open Recreation, 5:30-5:45pm Cabin Time, 6-7pm Dinner, 7:30-9pm Night Classes and 9:30pm Lights-out.

Sierra Nevada Journeys’ is a positive learning environment Sierra Nevada Journeys was founded on the premise that students learn best when put in situations that challenge them, but in which they feel comfortable and safe. We establish this tone the moment students’ step off the bus at our 1500 acre ranch in Portola, CA. This is a life-changing experience and we expect students to help one another to set that tone by respecting three things: the environment, one another, and themselves. Firm – and positive – corrective action is taken when students engage in behavior that runs contrary to the Positive Learning Environment. Although SNJ’s programs “feel” a lot like camp, we operate as a school. We therefore make our expectations very clear from the beginning, and we have a three-tiered system of consequences to deal with negative behavior:

1. The student is given a warning and debriefs their actions with their instructor.
2. The student debriefs their actions with the Director and we call the parents so your child can explain their situation.
3. We call to ask the parents to come pick your child up.
